MONTHLY SPIRITUAL MIND TREATMENT

May: An Exploration of Imagination And Creativity

Value: Spiritual Living Through Creativity and Imagination: We allow the ongoing activity of Spirit into our hearts, minds and activities to bring forth new forms and expressions to inspire and guide.

Rediscover your child-like journey with us this month.

Dear Center for Spiritual Living Inland Empire Family,

Congratulations for being persistent and consistent in your practice of Values Based Spiritual Living. This month's theme is An Exploration of Imagination And Creativity. Our focus is on how Creativity and a little bit of imagination can bring forth newness in our lives. It has always been the key to change. The Bible speaks of this in Matthew 19:26

"Jesus looked at them and said, "With man this is impossible, but with God all things are possible."

Albert Einstein discovered it in his work and said: "Imagination is more important than knowledge. For knowledge is limited to all we now know and understand, while imagination embraces the entire world, and all there ever will be to know and understand."

Ernest Holmes reminds us: Life is a mirror and will reflect back to the thinker what he thinks into it.

I Offer This Prayer for Personal Growth In Imagination and Creativity

There is a power for Good and we can all use It. So I pause... I Breathe... And I remember... there is One Cause that is the back of all Creation... It is the Creative Life Force Energy... Birthing the Infinite... Truth... Beauty... Peace... Prosperity... A consciousness of Intelligence anchored in Love and Abundant. I Breathe...

I sit in this awareness and remember... I am one with this Source of Creation... I Am emerged in It...

And it magnifies Itself with in me... It is Pure and Creative... This is force personified within me... I Breathe and I remember that Love and Beauty naturally fulfills itself within me. Joy is as natural as air and light... It is the Presence... It is Source of Good that dwells in me... I Breathe and remember... I have purpose...

My purpose is to allow the my Imagination to fulfill itself for Good... I focus on this Good and allow it to fulfill It self in practical ways in my life. I acknowledge it as perfect health... Abundance and Prosperity... I acknowledge it as all of my needs are met... I know it as the foundation in all my relationships. It fulfills itself as the image of peace in the world.... kindness and compassion for all. It is the pulse of Creativity in a World and it works for all according to our Understanding... It clarifies Itself in the Imagination of humanity. I affirm It as the awakening of Goodness... The infinite that dwells everywhere and in all.

I Am grateful for the fluid image of Good expanding right now. I Am thankful that the Creative Edge that fulfills Itself in practical ways in my life. It is my blessing and I acknowledge it as the blessing in all of humanity. I Am in gratitude for this seed of remembrance knowing Good prevails as my life experience and in the world. I magnify this image and I allow it to grow.

I release this into the "Sacred Yes"... Universal Law... allowing it to do its perfect work. ... I affirm "And So It Is". Amen.

Reverend Jerry
