OUR MISSION

Teach spiritual principles, spiritual tools and practices.
Provide a spiritual home that offers an opportunity for all to participate and share their unique gifts. Partner with other organizations to create solutions and contribute to the health and well-being of our community.
Provide facilities and an environment that supports our vision.

Life

“Life is infinite energy coupled with limitless creative imagination. It is the invisible essence and substance of every visible form.

Its nature is goodness, truth, wisdom and beauty, as well as energy and imagination.

Our highest satisfaction comes from a sense of conscious union with this invisible Life.

All human endeavor is an attempt to get back to first principles, to find such an inward wholeness that all sense of fear, doubt and uncertainty vanishes.”
